

Art I Course Supply Fee 2021-2022 School Year

Teacher—Mrs. Hill

Parents,

My name is Lara Hill and I am thrilled to be your student's visual arts teacher this year at Holy Savior Menard. Throughout the year I plan on exposing students to a wide range of different artists, art styles, and art mediums. I will encourage them to talk intelligently about art and see the beauty in the world around them. As a student enrolled in Art I a supply fee is required, **the fee for Art I supplies is \$40 and is due by Friday, August 27.** Please see the detailed list of supplies covered by the fee below. To keep the fee as low as possible, I have found the best price for each item (*including discounts for buying in bulk*), while still purchasing quality supplies that will last throughout the course of the school year. Not included in this fee are additional supplies being provided by the HSM Visual Arts Program, such as markers and colored pencils. At the end of the year, I will encourage your child to take their leftover supplies home and continue their art journey. In anticipation of having our annual HSM Fine Arts Night in the spring, I will be keeping much of your student's artwork at school to be displayed. You, your family, and friends are invited to come admire your student's artwork and commend them for the work put into their projects throughout the year. After Fine Arts Night, your student will be encouraged to take their artwork home for you to enjoy!

I look forward to working with your child this year and appreciate your support of the HSM Visual Arts Program.

Lara Hill, HSM Art Teacher
