The English I Honors summer reading assignment And Then There Were None and a set of short stories.

Print this packet and complete it.

Since I started using And Then There Were None as a summer reading a few years ago, many students have hailed it as their favorite novel of the year. They enjoyed the mystery, so I hope you do as well.

When school begins in August, the class will immediately begin a short stories unit. I expect that all students will have the three short stories read and the assignment completed *before the third day of school*.

Students should expect a short discussion of ATTWN and an assignment *the first week of school before a plot test the second week*.

Short Stories

Theme is the overall meaning of a literary work. Some common literary themes are “good versus evil,” “perseverance,” “faith,” “death and loss,” and “generosity.”

As you read the three assigned short stories, consider a prominent theme and how the author develops the theme in the story. Then, write a **three- to four-sentence explanation** for each. Use the third person; do not use contractions.

“The Most Dangerous Game”

“A Sound of Thunder”

“The Scarlet Ibis”
